

INTO ORBITSM

Join our mission into the 30th season of FIRST®! Prepare for blast off, break out of your earthly constraints and go INTO ORBITSM. The 2018/2019 FIRST® LEGO® League season will transport your team into space, where you'll explore, challenge, and innovate in the vast expanse of space.

FIRST® LEGO® League challenges kids to think like scientists and engineers. During the INTO ORBITSM season, teams will choose and solve a real-world problem in the Project. They will also build, test, and program an autonomous robot using LEGO® MINDSTORMS® technology to solve a set of missions in the Robot Game. Throughout their experience, teams will operate under the FIRST signature set of Core Values, celebrating discovery, teamwork, and Gracious Professionalism®.

**AGES VARY BY COUNTRY*

Each year FIRST LEGO League teams will:

- Build, test and program an autonomous robot using a LEGO MINDSTORM® kit
- Choose and solve a real-world problem in the project
- Operate under the FLL signature set of Core Values
